

**NEGOTIATION AND FULFILLMENT OF INSURANCE
CONDITIONS AND RELEASE OF GOODS FOR EXPORT**

ABSTRACT

5 The present invention relates to systems and methods to support
import-export transactions. More particularly, it includes methods and systems for
negotiating insurance conditions, for advising or determining that the insurance
conditions have been met and for electronically initiated release of goods or filing a
claim. It further may include methods and systems for making claims against policies
10 secured in accordance with the insurance conditions. Particular aspects of the present
invention are described in the claims, specification and drawings.
